#### Summer Kick Off DUI Patrols – June 24 – 30, 2010

Spokane County, ---The next X-52 DUI Patrol will be held this weekend in conjunction with Hoopfest. The purpose of the patrols is to take the impaired driver off the roadways and make Hoopfest a safe event for all involved.

The Spokane Police Department, Spokane County Sheriff's Office, Spokane Valley Police Department, Cheney Police Department, EWU Police Department, Washington State Patrol, Liberty Lake Police Department and the City of Airway Heights Police Department will be participating in the extra emphasis patrols across Spokane County.

An additional highlight of this Hoopfest patrol will be the WSP's Mobile Impaired Driving Unit (MIDU). The MIDU is a significant time saving tool for the officers that will be processing DUI suspects. The MIDU will be utilized by Spokane area law enforcement agencies on Friday and Saturday evenings.

The goal of the X-52 DUI Patrol this weekend is to have a fatal free, family safe Hoopfest event. This goal will be attainable by all the agencies working together and by citizens remembering that if they drink they don't drive.
